Elena Kopylova, WWF Russia. Elena has been coordinating WWF-IKEA Partnership on Forests since 2005. Under her leadership, this project has been addressing a set of challenges in four major areas: a) further development of Forest and Trade Network (FTN Russia) and increasing demand for credibly certified products inside and outside Russia, b) enhancing high conservation values in managed forests (HCVF); c) capacity building to develop sustainable forest management in Russia, d) supporting national forest policy dialogue to ensure wood legality and responsible trade.
