

Speaker Bio

Kerstin Canby is the Director of the Forest Trade and Finance Program at Forest Trends. Her work specifically focuses on forest sector policies and product trade issues, including the positive role of that markets, financial institutions and investment flows can have in combating illegal and unsustainable harvesting practices. A significant portion of her time is spent on the China / East Asia region. Prior to joining Forest Trends, she worked at the World Bank on various natural resources management projects in Europe and Central Asia and the World Bank's FLEG programs.
